FASTMED URGENT CARE ACQUIRES CAROLINA QUICK CARE

Largest Urgent Care Company in State Expands into Eastern North Carolina Market

November 17, 2014 – Raleigh, NC: FastMed Urgent Care, the largest urgent care company in North Carolina and the fastest growing in the country, today announced the acquisition of Rocky Mount-based Carolina Quick Care (“CQC”), with seven locations positioned throughout eastern North Carolina, effective November 14, 2014.

“We are very excited that Carolina Quick Care is joining our rapidly growing FastMed family of urgent care centers throughout North Carolina,” said [Kevin Blank](#), FastMed Chief Executive Officer. “We were very interested in CQC not just as a result of the complimentary market locations in eastern North Carolina, but because we both share a mission of providing convenient, quality, affordable and personal care to everyone who walks into one of our clinics.”

FastMed will integrate the CQC locations into the overall FastMed operation, including changing the name to FastMed Urgent Care, and upgrading locations and systems to comply with The Joint Commission quality and safety standards. FastMed intends to keep all seven CQC locations open and expects to grow in each of those markets. The acquisition also fits within the strategic initiative of expanding access to care for the millions of patients covered by Blue Cross Blue Shield North Carolina, under a unique partnership between [BCBSNC](#) and FastMed announced in 2012.

“FastMed and Carolina Quick Care share a culture of mutual respect and teamwork among all employees, including healthcare clinicians, customer service professionals and operational/corporate support staff. We are enthusiastic about the opportunity to work collaboratively with CQC to serve patients throughout eastern North Carolina,” said [Kyle Bohannon](#), President of FastMed.

Michael Feasel, M.D., Founder and President of CQC, added, “By joining FastMed Urgent Care, CQC will be able to grow and prosper in ways that simply were not available to us before. FastMed will also provide our employees with professional opportunities within an environment that matches what we have cultivated here at CQC.”
