We've already been on the field, treating families and their champions in our community. Now, we are proud to announce an addition to our team, **Dr. Shores**, *our new Sports Medicine Specialist*. Dr. Shores will be with our Shea and Chandler clinics, supporting our local community sports programs while evaluating their medical needs and treating their injured athletes.

Dr. Shores began his career in family medicine at St Joseph's Hospital and then chose to pursue further specialty training in sports medicine at Arizona State University. In addition to training with the head team physicians for the Phoenix Suns and AZ Diamondbacks, Dr. Shores has worked as a team physician for the ASU Sun Devils. As a team physician, he continues to provide personal coverage for many of our local high schools. **We're excited that he has decided to care for our community MVPs.**

## SPORTS MEDICINE PROGRAM SERVICES INCLUDE:

### Acute Injuries

- Sprains, fractures, or dislocations
- Whether you have a dislocated shoulder, a broken wrist or a sprained ankle, we'll get you fixed up and back in the game.

### Chronic Issues

- Tennis elbow, runner's knee, or plantar fasciitis
- If your shoulder or elbow has been bothering you, or your knee pain just won't go away, let us help you figure it out so you can get back to being active.

### Sports Related Medical Concerns

- Concussions, asthma, or sports physicals
- Not all sports related issues involve muscles, tendons, and bones. We offer full spectrum sports medicine care, handling any medically related problems that may limit you from participating in the activities you enjoy

### On Site Services Include:

X-rays • Casting • Braces • Splints  
Injections • Sports Physicals  
*And Much More*
